

20 pts - Synergy is important for teamwork because it is the highest level a team can work at and is what team work is always striving to be. It is just teamwork at its highest degree, so it is obviously important towards good teamwork.

5 pts - We presented our project.

5 pts - I put my assignments in my technical teamwork repository.

10 pts - A SMART goal I have for next week is that I want to go to sleep before 2 each night

20 pts - I taught synergy to my friend and he was surprised about its existence. He said that he is having a hard time understanding how you can achieve it in a timely manner. He doesn't know how a team that hasn't been working together for an extremely long time can achieve it.

20 pts - relating this to the gospel. I have seen people come into a synergy with God, like the prophet. All people should be striving for this totally open communication pathway with God that some people have. Being so in tune with God that you can talk to him whenever and wherever you are.

10 pts - My most significant take away is that I will miss my technical teamwork class.

10 pts - To someone not in the class I would explain synergy as a sort of flow state you can get into with a team you are working with.
